

ESDAN ELIMINATOR PRO 600psi HIGH PRESSURE PESTICIDE CHEMICAL HOSE

Esdan Eliminator Pro hose is primarily designed for applications involving high pressure transference of pesticides, weedicides and other chemicals generally involved in horticulture. The black outer layer gives the hose excellent UV stability, and the yellow stripe provides an extra mark for identification purposes.

Due to the high tensile reinforcing yarn, the hose has a working pressure of 600psi and can be used for high pressure spraying and all weedicide/pesticide sprayers.

- All Australian Made 8mm, 10mm & 12mm
- 20mm & 25mm imported to meet our stringent specifications†.
- Specially formulated yellow inner for use with agricultural chemicals
- High kink resistance
- Great flexibility for ease of handling
- Outer layer UV stabilised
- Operating temperature 0°C - +50°C
- Suitable for most agricultural spray or domestic spray applications
- 600 PSI working pressure @ 23°C

PRODUCT CODE	I.D mm	O.D mm	WORKING PRESSURE @23°C		COIL LENGTH	REEL LENGTH
39-HPE08***	8	14.5	600 PSI		20m/100m	300m
